

Flex pioneered the use of Elvaloy® Adhered Roof Systems beginning in 1988 with the introduction of Flex's FB Elvaloy® Fleece Backed Membrane and MF/R Elvaloy® Membrane. The FB & MF/R products were developed with the assistance of the DuPont Company and are one of the only thermoplastic single-ply systems completely compatible with asphalt. The successful track record of the DuPont Elvaloy® based products are well documented and have been in the marketplace for over 35 years.

Flex offers multiple roofing system solutions including Adhered, Mechanically Attached, Non-Penetrating Fastening System using Induction Welding, V2T Vacuum System, Ballasted, Paver, and Green Roof Systems.

BAK

BAK AUTOMATIC Overlap Welders

Roofon Multi Overlap Welder #6600284

Features:

- Lightweight & portable
- 40mm weld width
- Wrinkle free welding
- Great for parapets, gutter edge & drip edge

Roofon and Roofon Edge Kits

Roofon Deluxe Kit
#DPR75EH

- Roofon 230V 40mm
 - Metal box
 - Extra weight
 - Middle wheel
 - 100ft GFCI line cord w/ plugs and receptacles
 - 7500W generator w/ wheel kit and battery
- Also available with 12KW generator #6600132DK

Roofon Edge Deluxe Kit
#DPRE75EH

- Roofon Edge 230V 40mm
 - Metal box
 - Extra weight
 - 100ft GFCI line cord w/ plugs & receptacles
 - 7500W generator w/ wheel kit and battery
- Also available with 12KW generator #5230352DK

Totally Portable Roofon Honda Kit
#5230051TPK

- Roofon 120V 40mm
- Metal Box
- L530 plug
- Extra weight
- Middle wheel
- 100ft 120V GFCI line cord w/ two plugs
- Honda EU2200 & EU2200 Companion w/ parallel cable

Totally Portable Roofon Edge Honda Kit
#5230351TPK

- Roofon Edge 120V 40mm
- Metal Box
- L530 plug
- Extra weight
- 100ft 120V GFCI line cord w/ two plugs
- Honda EU2200 & EU2200 Companion w/ parallel cable
